Call Handler and Administrator

Location: Bristol DESP

Salary: 16,536 - £18,157 (Band 2 Living Wage)

Closing Date: 20th August

Description:

An opportunity has arisen for a Call Handler and Administrator to join our Diabetic Eye Screening Programme.

Diabetic Retinopathy is currently one of the leading causes of blindness in people of working age in this country. Early detection and treatment can reduce the risk of vision loss, which is why the Bristol and Weston Diabetic Eye Screening Programme offers screening to all people with diabetes registered with a GP in Bristol, North Somerset and South Gloucestershire.

We have over 40,000 patients on our database and therefore a strong administration team is central to our work. As part of the team, you will help to ensure that the service works to its fullest potential and ensure that everyone with diabetes has the opportunity to attend annual screening.

We are looking for candidates with excellent written and communication skills, previous administration experience, with the ability to work without regular supervision, identifying and prioritising their own workload. Full training on our specialist database will be provided, but you will already be confident using a computer.
