## THE 2017 BARS / HISL PHOTOGRAPHY COMPETITION

### Clinical or Artistic?

This year's competition has two categories: clinical and artistic. The clinical section will be photographs captured during screening and might, for example, show disease progression, an excellent example of pathology, or simply a technically brilliant shot. One of the judging criteria is quite simply, could that picture appear in a textbook? Artistic, on the other hand, gives much more scope; anything from a PhotoShopped fundus to a cartoon. It must be screening related though.

### How to Enter

Entry is open to anyone attending this year's BARS Conference in Leeds on 21<sup>st</sup> & 22<sup>nd</sup> September 2017. You can enter as many images as you like and all entries will be exhibited at the conference. Entrants should submit a high quality 8" x 10" photographic print and include your name and email address on the back, as well as the category you're entering. In addition to prints, an electronic copy of each image must also be submitted. The closing date for entries is 7<sup>th</sup> September 2017.

2016 Winner, Clinical Category,  
by Jane Clayson

2016 Winner, Artistic Category,  
by Jo Wright

Send your prints to:

Mrs Alison Simpson (BARS Administrator),  
Ophthalmology Department, Ward 25,  
Ninewells Hospital, Dundee DD1 9SY.
