

Our patient film

Remember Katrina?

Katrina

- ▶ Her talk inspired me to make a film!
- ▶ Lots of patients don't attend their appointments
- ▶ Too scared to have the laser treatment
- ▶ Worried about pain, losing vision
- ▶ Wanted to increase patient awareness

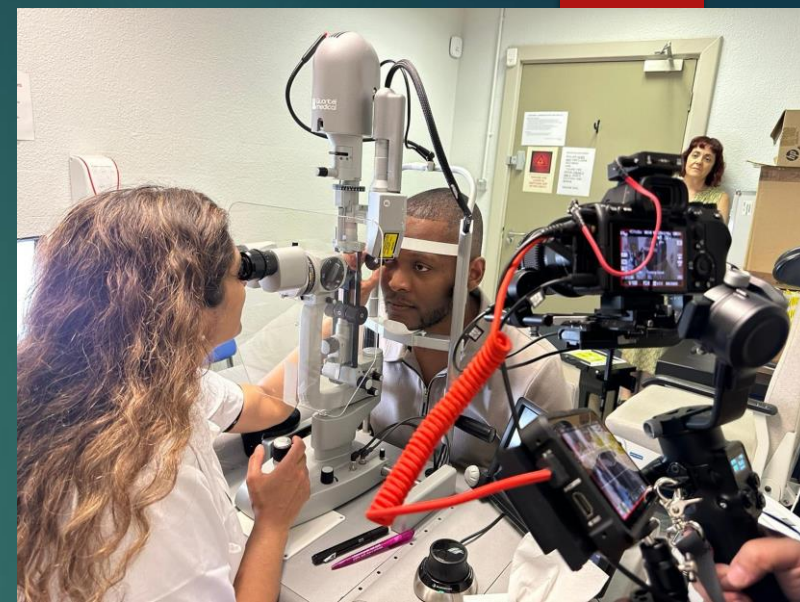

Making the film!

- ▶ We contacted Eleanor Stanley (articulate health)
- ▶ Ken Chu (videographer)
- ▶ Kam Rajaby helped out
- ▶ We brought Katrina down from Scotland
- ▶ Recruited 2 further patients from GSTT

On a rainy day in July!

Filming began.....

And finally.....

- ▶ A huge thank you to the BARS committee who work incredibly hard every year behind the scenes to put on this conference and have given me the opportunity to achieve so much this year
- ▶ I would welcome your ideas on how to improve BARS
- ▶ Hope you all enjoyed the film, gala dinner and quiz!
- ▶ Looking forward to continuing to work on projects to improve staff and patient experience in screening.

- ▶ See you again next year!
